

Dear FCC,

Large media outlets like Sinclair Broadcasting should not be allowed to dominate our free airwaves and overshadow true public opinion. Totalitarian regimes have long used media to broadcast propaganda to control the hearts and minds of their public. This strategy works! Don't let it happen in this country. Keep our media centers as diverse as America is.

Sinclair broadcasting should not be allowed to bombard us with anti-Kerry (or anti-Bush for that matter) rhetoric and propaganda so close to an election (or ever). This type of media domination and control is frightening, it's evidence that monopoly partisan corporate interests can thwart democracy.

Don't let financial interest and corporate greed set the stage of our democracy. Let freedom and truth reign through the mouthpiece of a diverse and truly public media. Please don't allow Sinclair to air "Stolen Honor: Wounds That Never Heal."
